## INTRODUCTION

This is the forty-second edition of the directory of organizations and officials concerned with the protection of wildlife, including fishes. It is designed to meet the needs of officials charged with the administration and enforcement of fish and game laws, and is also for the convenient use of persons desiring to communicate with officials and organizations concerning wildlife conditions in the several States and Territories, the Canadian Provinces and Territories, Newfoundland, Mexico, the West Indies, Central America, and South America. Including chiefly the organizations that are National or State-wide in character, the directory follows the general form of previous editions.<sup>1</sup>

Details regarding the seasons for migratory game bird hunting and restrictions thereon can be obtained from the Fish and Wildlife Service, Chicago 54, Ill.

Persons contemplating hunting or fishing trips should also communicate with the appropriate State officials for information on State laws or regulations. The fish and game laws of the several States and Canadian Provinces can be obtained on request to the proper officials, listed herein.

Communications concerning violations of the Federal fish and game laws and regulations should be addressed to the regional directors of the Fish and Wildlife Service in the several areas, listed on page 3, or to the Director, Fish and Wildlife Service, Chicago 54, Ill.

---

<sup>1</sup>Previous editions, as follow, can be consulted at many public libraries: Those issued by the United States Department of Agriculture, 1900-14, in Circulars of the Bureau of Biological Survey; 1915-18, in Documents of the Bureau of Biological Survey; 1919-26, in Department of Agriculture Circulars; and 1927-38 (with the exception of 1932, when no edition was published), in Miscellaneous Publications of that Department; and those issued by the Department of the Interior, for 1939, in the Wildlife Circular series of the Bureau of Biological Survey, for 1940 in the same series, but by the Fish and Wildlife Service, and for 1942 in the Circular series of the Fish and Wildlife Service. No directories were published for 1941, 1943, and 1944.
