	Page		Page
Abbott, R. T.....	471	algae (see also States and botanical studies)—Con.	
Abrasion, depth of.....	61	marine—Continued	
Acanthocephala.....	355	protected bays.....	180
<i>Acasta</i>	445	reduced northern flora.....	187
Acclimatization, bacteria.....	217	regions of richest floras.....	186, 189
<i>Acetabularia</i>	180, 181, 183, 186, 187, 188	rocky shores.....	183
<i>Acetabularia crenulata</i>	183	sandy beaches.....	179
<i>Achras emarginata</i>	195	shore pools.....	180
Achusi.....	14	small coves.....	180
<i>Acipenser sturio</i> , distribution of.....	504	algae of, Alabama Coast.....	187
acorn worm.....	369	Apalachee Bay.....	187
<i>Acropora palmata</i> , growth of.....	291	Carabelle.....	187
<i>Acrostichum aureum</i>	195, 196	Cedar Keys.....	187
<i>danaeaeifolium</i>	198	Copano Bay.....	188
Actinotroch larva.....	367	Corpus Christi Bay.....	188
Adams, R. M.....	135	Cuba.....	189
<i>Aegira</i>	183	Florida Bay.....	186
Agardh, J. G.....	189	Florida Keys.....	180
<i>Agardhiella</i>	188	Fort Myers.....	186
<i>Agardhiella tenera</i>	188	Laguna de Terminos.....	189
Agassiz, A.....	25, 71, 75, 78, 82, 123, 163, 292	Louisiana Coast.....	187, 188
Agassiz, L.....	25, 77	Matagorda Bay.....	188
Agricultural and Mechanical College of Texas.....	78	Mexican Coast.....	188
Aguayo, C. G.....	470	Mississippi Coast.....	187
<i>Aiptasiomorphia luciae</i>	285	Padre Island.....	188
air, turbulence of.....	93	Punta Gorda.....	186
air circulation.....	89	Tampa Bay.....	186
air pressure.....	89, 90	Ten Thousand Islands.....	186
air-pine.....	195	Texas Coast.....	188
Alabama, marine algae of.....	187	Yucatán.....	189
Alacran atoll.....	50	algal collections, chief repositories.....	179
Alaminos, Antonio de.....	11, 12	algal distribution	
Alaska.....	30, 125	related to stone structures.....	180
<i>Albatross</i>	205, 361, 373, 440, 447, 471	related to salinity.....	177, 179, 180
explorations in Gulf of Mexico.....	26	related to temperature.....	179
history of.....	26	algal flora	
Alcyonaria.....	259, 279	on rubble.....	183
bottom conditions preferred by.....	281	sandy shallows.....	183
distribution of.....	279	algal floras, collateral reference works of Florida.....	178, 191, 192
list of species.....	279, 280, 281	alkalinity, of sea water.....	148
algae (see also States and botanical studies)		Allan Hancock Expeditions.....	361, 382
fresh water.....	167	Allee, W. C.....	205
marine.....	177	Allen, E. C.....	219
chief types of vegetation.....	179	Allen, G. M.....	543, 544
ecology of.....	179	Allen, J. A.....	543
epiphytic.....	183	Allgén, C. A.....	319
factors governing distribution of.....	177	Alligator Harbor.....	31
Gulf of Mexico.....	177	<i>Alosa</i> sp.....	504
illustrations of.....	178, 179	Alvarado River.....	12
monographic works on.....	178	Alvarado-El Paso area.....	75
pelagic.....	185	American Petroleum Institute.....	42, 287

	Page		Page
<i>Ammothella rugulosa</i>	425	ascidians.....	495
amoebae.....	244, 246, 247	compound.....	495
<i>Ammospiza maritima</i>	533	deep water.....	496
<i>Amphidinium</i>	223	fauna.....	495
<i>Amphioxus</i>	499	list of species.....	496
<i>Amphiroa</i>	180, 185	number of species.....	496
<i>Amphiroa fragilissima</i>	180, 183	reproduction.....	495
<i>Amphisolenia</i> sp.....	224	asphalt, first finding of.....	14
<i>Amphistegina lessonii</i>	241	assemblage, molluscan—foraminiferan.....	205
<i>Amphora</i>	230	Asteroidea, list of species.....	375
amplitude of tide.....	109	<i>Asterope</i>	430
<i>Anadyomene</i>	185	<i>Astropecten</i>	211
<i>Anadyomene stellata</i>	185	Atchafalaya Bay.....	53
anaerobic conditions caused by <i>Gonyaulax</i>	174	oyster reefs.....	491
analysis, harmonic.....	108	Atchafalaya River, pollution.....	569
Añasco, Juan de.....	14	Atkins, W. R. G.....	139, 219
<i>Anchoa mitchilli diaphana</i>	508	<i>Atlantis</i>	30, 70, 77, 125, 373, 381, 429, 475
anchovy.....	507, 508	phosphorus data.....	146
Anclote Keys.....	62	salinity data.....	144, 145
Anderson, W. W.....	457	Atolls.....	50
Andree, K.....	203	Alacran.....	50
anemones.....	210, 285	Marquesas.....	50
common species.....	287	<i>Aurellia aurita</i>	278
distribution.....	285	Australian-pine.....	199
on oysters.....	290	<i>Avicennia</i>	187
pelagic.....	287	Pneumatophores of.....	187
Anigstein, R.....	254	thickets.....	180, 187
annelids.....	413	special algal flora in.....	187
ecological association of.....	416	zone.....	195, 196
list of species.....	413	<i>Avicennia nitida</i>	52, 180, 195, 196, 197
number of species.....	413	<i>Avrainvillea</i>	183
<i>Annona glabra</i>	198	Aztecs, map making.....	4
<i>Anoplodactylus</i>	425, 426	<i>Bache</i>	28, 123
<i>Anodus stolidus</i>	525	Bache, A. D.....	25
<i>Anthozoa</i>	285	<i>Bacillus calcis</i>	219
distribution.....	285	<i>Bacopa monnieri</i>	197
Florida Coast.....	279, 282	bacteria.....	217
anticyclonarium.....	68	abundance in shallow water.....	217
Apalachee.....	13, 14	adverse effects of.....	219
Apalachee Bay.....	13, 14	aerobic.....	218
Apalachicola Bay.....	26	anaerobic.....	218
Apalachicola Delta.....	47	as aid in digestion.....	218
Apalachicola River.....	13, 73	as food.....	218
pollution.....	566	as scavengers.....	218
apogee.....	105	associated with shrimp.....	218
<i>Arbacia punctulata</i>	210	autotrophic.....	217
<i>Arca</i>	211	cellulose digesting.....	218
Archer, A. F.....	207	changes in pH caused by.....	219
<i>Architeuthis</i>	476	content in mud.....	219
<i>Archosargus probatocephalus</i> , distribution.....	504	denitrifying.....	219
<i>Argonauta argo</i>	476	deterioration by.....	219
<i>Argulus funduli</i>	440	effect on environments.....	219
Aristotle.....	153	effects on plants and animals.....	218
Arkansas River.....	17	food of sponges.....	264
Armstrong, E. F.....	153	fouling.....	219
arrowhead.....	198	fresh water.....	217
arrow-worms.....	327	heterotrophic.....	218
Ascherson, P.....	193
