COMMERCIAL FISHERIES REVIEW MAILING LIST BEING CIRCULARIZED

Federal regulations require that all mailing lists be circularized periodically. A circularization letter was sent to all those on the Commercial Fisheries Review mailing list. (Individuals or firms who have requested their name added to the mailing list subsequent to March 1, 1956, were not sent a circularization letter and will be retained on the mailing list, unless the recipient meanwhile requested his name removed.)

Firms or individuals who did not return the circularization letter will be dropped from the Commercial Fisheries Review mailing list.

This issue (June 1956) is the last one you will receive unless you returned our circularization notice requesting that your name be retained on the Review's mailing list. If you did not return our circularization letter and you do not want to miss any issues of the Review, let us know promptly.
