

Authors, Titles, Subjects in *Marine Fisheries Review*, Vol. 38, No. 1-12, 1976

Indexed here by author, title, and subject are the papers which appeared in *Marine Fisheries Review* in 1977. A list of these papers, in numerical order, appears at the end of the Index. Entries are indexed by number and page (i.e., 7:12 indicates the July number, page 12).

Anonymous notes, news articles, and regular departments are not indexed.

A

- Alaska, southeastern
herring fishery, 3:10
observations on birth of, 3:19
herring gill net fishery, opening of, 3:19
rockfish, dusky
distribution and activity, seasonal changes, 3:23
rockfish, yellowtail
distribution and activity, seasonal changes, 3:23
"Alteration and destruction of estuaries affecting fishery resources of the Gulf of Mexico," by William N. Lindall, Jr. and Carl H. Saloman, 9:1
Alton, Aaron J.—see Sheehy et al.
Ampola, V. G.—see Learson and Ampola
Aquaculture
response of costs and returns to alternative feed prices and conversions
grow-out systems, 5:15
rates of return, 5:16
unit costs, 5:16
Arctica islandica, 2:4. See also quahog, ocean
Artificial structures
attractors of fish
SEFC progress report, 4:21
"(The) Atlantic coast surf clam fishery—1974," by John W. Ropes and George E. Ward, Jr., 5:18
Atlantic Ocean
tuna, review of yellowfin-skipjack fishery, 1956-75, 12:1

B

- Baker, Daniel W.—see Hulme and Baker
———, and Steven E. Hulme, "Mixed species utilization," 3:1
Barham, Eric G., Warren K. Taguchi, and Stephen B. Reilly, "Porpoise rescue methods in the yellowfin purse seine fishery and the importance of Medina panel mesh size," 5:1
Barr, Louis—see Carlson and Barr
Brazilian shrimp investigation

- SEFC progress report, 4:15
Breese, W. P., "Oysters in the Pacific Northwest," 7:17
Bulkholding
herring, sea
seawater system, chilled, 3:4
Butler, Johnny A.—see Kemmerer and Butler
Buzzell, David H.—see Sidwell et al.

C

- Cadmium
marine animals, effects on, 4:5
Calabrese, Anthony, Frederick P. Thurberg, and Edith Gould, "Effects of cadmium, mercury, and silver on marine animals," 4:5
Callan, J. G.—see Mendelsohn et al.
"Care and maintenance of squid quality," by R. J. Learson and V. G. Ampola, 7:15
Caretta caretta—see Sea turtles, loggerhead
Carlson, H. Richard, and Louis Barr, "Seasonal changes in spatial distribution and activity of two species of Pacific rockfishes, *Sebastes flavidus* and *S. ciliatus*, in Lynn Canal, southeastern Alaska," 3:23
Cato, James C., and Fred J. Prochaska, "A statistical and budgetary economic analysis of Florida based Gulf of Mexico red snapper-grouper vessels by size and location, 1974 and 1975," 11:6
"Chilled seawater system for bulkholding sea herring," by Steven E. Hulme and Daniel W. Baker, 3:4
Ciguatera
Virgin Islands
ciguatera species and locations 8:14
fisheries management 8:15
origin and nature 8:14
"Ciguatera in the U.S. Virgin Islands," by J. R. Sylvester, A. E. Dammann, and Richard A. Dewey, 8:14
Clam, surf
Atlantic coast fishery—1974
fishery trends, 5:21
fishing statistics from interviews, 5:19
fleet operations and landings by area, 5:18
Clupea harengus harengus—see Herring, sea
Coan, Atilio L.—see Sakagawa et al.
Coe, James M., and Philippe J. Vergne, "Modified tuna purse seine net achieves record low porpoise kill rate," 6:1
Coleman, Susan E.—see Tashiro and Coleman
"Composition of the edible portion of raw (fresh or frozen) crustaceans, finfish, and mollusks. II. Macroelements: sodium, potassium, chlorine, calcium, phosphorus, and magnesium," by Virginia D. Sidwell, David H. Buzzell, Pauline R. Foncannon, and Audrey L. Smith, 1:1
Connors, T. J.—see Mendelsohn et al.
Constantinides, Spiros M.—see Sheehy et al.
Cooper, Richard A.—see Uzman et al.

- Crustaceans
cadmium, mercury, and silver, effects of, 4:7
composition of edible portion of raw (fresh or frozen)
calcium, 1:1
chlorine, 1:1
magnesium, 1:1
phosphorus, 1:1
potassium, 1:1
sodium, 1:1
Cuba
grouper and snapper fishery
catch 10:5
fishing operations 10:3
gear 10:2
grounds 10:2
history 10:1
vessels and personnel 10:3
"(The) Cuban grouper and snapper fishery in the Gulf of Mexico," by Joseph E. Tashiro and Susan E. Coleman, 10:1

D

- Dammann, A. E.—see Sylvester et al.
"Development of a color measuring system for minced fish blocks," by F. J. King and J. J. Ryan, 2:18
"Development of a selective shrimp trawl for the southeastern United States penaeid shrimp fisheries," by John W. Watson, Jr., and Charles McVea, Jr., 10:18
"Development of an aquacultural program for rehabilitation of damaged oyster reefs in Mississippi," by Clyde L. MacKenzie, Jr., 8:1
Dewey, Richard A.—see Sylvester et al.
Dixon, Robert L.—see Grimes et al.

E

- Earl, Paul M.—see McAvoy and Earl
Easley, J. E., Jr., "Response of costs and returns to alternative feed prices and conversions in aquaculture systems," 5:15
"(The) economic performance of Oregon's commercial fishermen in 1972," by David S. Liao and Joe B. Stevens, 8:17
Eelgrass
Puget Sound beds, importance of, 11:18
"Effect of processing variables on storage characteristics of frozen minced Alaska pollock," by D. Miyachi, G. Kudo, and M. Patashnik, 5:11
"Effects of cadmium, mercury, and silver on marine animals," by Anthony Calabrese, Frederick P. Thurberg, and Edith Gould, 4:5
"Entrapment and impingement of fishes by power plant cooling-water intakes: An overview," by Charles H. Hanson, James R. White, and Hiram W. Li, 10:7
ERTS-1 menhaden investigation
SEFC progress report, 4:13
"Export opportunities for New England fishery

products, by Henry R. McAvoy and Paul M. Earl, 2:26
Extended jurisdiction
SEFC progress report, 4:24

F

"Finding fish with satellites," by Andrew J. Kemmerer and Johnny A. Butler, 1:16

Finfish

cadmium, mercury, and silver, effects of, 4:8
composition of edible portion of raw (fresh or frozen)
calcium, 1:1
chlorine, 1:1
magnesium, 1:1
phosphorus, 1:1
potassium, 1:1
sodium, 1:1

Fish

entrapment and impingement by power plant cooling-water intakes
barriers, behavioral, 10:11
barriers, physical, 10:13
cooling system design, 10:11
guidance and diversion systems, 10:11
impact assessment, 10:9
impingement damage, 10:8
site evaluation, 10:10
Mississippi Sound and Louisiana coast
finding with satellites, 1:16
species, mixed
utilization, 3:1
squid attacks on trawl-captured, 12:23
utilization of mixed species, 3:1

Fish, frozen

right package for, 5:24

Fish, minced

past, present, and future uses, 4:1

Fish, multispecies—see Multispecies fisheries problem

Fish, small

heading and eviscerating machine
flesh, collection of minced fish, 2:15
LaPine gutting machine, 2:12
machines, survey of cleaning, 2:11

Fish blocks

minced
color measuring system, 2:18

Fisheries development

New England

availability, 2:1
crabs, 2:2
future activities, 2:5
industry interest, 2:1
markets, 2:1
mixed species, 2:2
shellfish, other, 2:4
squids, 2:1
technological support, 2:5

technology

catch, increasing domestic, 2:7
fishing pressure, redistribution, 2:7
National Marine Fisheries Service, 2:7
success by coincidence, 2:10
success by collaborative effort, 2:9

"Fisheries development in New England—A perspective," by W. F. Rathjen, 2:1

Fishermen, commercial

economic performance of Oregon's in 1972
characteristics of fishermen, 8:17
costs and returns, 8:18
data source and description, 8:17
incomes, total, 8:21
production functions, 8:20

"Fishery engineering advancements: A 5-year progress report," by Thomas M. Vanselow, 4:12

Fishery products

New England

export opportunities, 2:26

Fishing, electrical
SEFC progress report, 4:20

Fishing gear

technology development or transfer in New England
harvesting technology, 2:25
herring, 2:24
squid, 2:24

Florida

vessels, red snapper-grouper
statistical and budgetary economic analysis of, 1974-75, 11:6

Foncannon, Pauline R.—see Sidwell et al.

G

Gamefish

Skylab-3 investigation
SEFC progress report, 4:14

Gould, Edith—see Calabrese et al.

Grimes, Churchill B., Charles S. Manooch III, Gene R. Huntsman, and Robert L. Dixon, "Red snappers of the Carolina coast," 1:12

Grouper

Cuban fishery in Gulf of Mexico, 10:1

vessels

statistical and budgetary economic analysis of, 1974-75, 11:6

Gulf of Mexico

estuaries, alteration and destruction of, 9:1
vessels, red snapper-grouper
statistical and budgetary economic analysis of, 1974-75, 11:6

H

Hanson, Charles H., James R. White, and Hiram W. Li, "Entrapment and impingement of fishes by power plant cooling-water intakes: An overview," 10:7

Hawaii

whale, humpback, census in 1976, 7:1

Herring

gill net fishery in southeastern Alaska, 3:19

Herring, sea

bulkholding
seawater system, chilled, 3:4

Herring, thread

LANDSAT menhaden and thread herring investigation
SEFC progress report, 4:14

Herring fishery

Alaska, recent development of southeastern history, 3:17
management situation, 3:17
sac roe fishery, 3:18
Alaska, southeastern
bait, winter, 3:14
processing, 3:12
sac roe fishery, spring, 3:13

Hobson, Edmund S., and William H. Lenarz, "Report of a colloquium on the multispecies fisheries problem, June 1976," 9:8

Hulme, Steven E.—see Baker and Hulme

_____, and Daniel W. Baker, "Chilled seawater system for bulkholding sea herring," 3:4

"Humpback whales in Hawaii: Vessel census, 1976," by Allen A. Wolman and Charles M. Jurasz, 7:1

Huntsman, Gene R.—see Grimes et al.

I

Illex illecebrosus—see Squid, shortfin

"Importance of eelgrass beds in Puget Sound," by Gordon W. Thayer and Ronald C. Phillips, 11:15

"Improved bypass and collection system for protection of juvenile salmon and steelhead trout at Lower Granite Dam," by Gene M. Matthews, George A. Swan, and Jim Ross Smith, 7:10

"Innovations in harvest of pelagic resources," by Mitsuo Yesaki, 9:14

J

Jurasz, Charles M.—see Wolman and Jurasz

K

Katsuwonus pelamis—see Tuna, skipjack

Kemmerer, Andrew J., and Johnny A. Butler, "Finding fish with satellites," 1:16

King, Frederick J., "Past, present and future uses of minced fish," 4:1

_____, and J. J. Ryan, "Development of a color measuring system for minced fish blocks," 2:18

Klawe, W. L., "What is a tuna?," 11:1

Kudo, G.—see Miyachi et al.

L

LANDSAT menhaden and thread herring investigation
SEFC progress report, 4:14

LANDSAT—see also Satellite

Learson, R. J., and V. G. Ampola, "Care and maintenance of squid quality," 7:15

Lenarz, William H.—see Hobson and Lenarz

Li, Hiram W.—see Hanson et al.

Liao, David S., and Joe B. Stevens, "The economic performance of Oregon's commercial fishermen in 1972," 8:17

Lindall, William N., Jr., and Carl H. Saloman, "Alteration and destruction of estuaries affecting fishery resources of the Gulf of Mexico," 9:1

"Loggerhead sea turtles, *Caretta caretta*, encountering shrimp trawls," by Larry H. Ogren, John W. Watson, Jr., and Donald A. Wickham, 11:15

Long, Clifford W., Jerry R. McComas, and Bruce H. Monk, "Use of salt (NaCl) water to reduce mortality of chinook salmon smolts, *Oncorhynchus tshawytscha*, during handling and hauling," 7:6

Louisiana coast

fish, finding with satellites, 1:16

Lower Granite Dam

bypass and collection system for protecting salmon and steelhead trout, 7:10

Lutjanus vivanus—see Snapper, silk

Lutjanus campechanus—see Snapper, red

Lutjanus buccanella—see Snapper, blackfin

M

McAvoy, Henry R., and Paul M. Earl, "Export opportunities for New England fishery products," 2:26

McComas, Jerry R.—see Long et al.

Machine, eviscerating

fish, small, 2:11

Machine, heading

fish, small, 2:11

"(A) machine for heading and eviscerating small fish," by J. M. Mendelsohn, T. J. Connors, and J. G. Callan, 2:11

MacKenzie, Clyde L., Jr., "Development of an aquacultural program for rehabilitation of damaged oyster reefs in Mississippi," 8:1

Macrozoarces americanus—see Pout, ocean

McVea, Charles, Jr.—see Watson and McVea
Manooch, Charles S., III—see Grimes et al.

Marine animals

cadmium, mercury, and silver, effects of, 4:5

Matthews, Gene M., George A. Swan, and Jim Ross Smith, "Improved bypass and collection system for protection of juvenile salmon and steelhead trout at Lower Granite Dam," 7:10

Megaptera novaengliae—see Whale, humpback

Mendelsohn, J. M., T. J. Connors, and J. G. Callan, "A machine for heading and eviscerating small fish," 2:11

- Menhaden
ERTS-1 menhaden investigation
SEFC progress report, 4:13
LANDSAT menhaden and thread herring investigation
SEFC progress report, 4:14
- Mercury
marine animals, effects on, 4:5
- Mississippi
oyster reefs, damaged
aquacultural program developed for rehabilitation, 8:1
- Mississippi Sound
fish, finding with satellites, 1:16
"Mixed species utilization," by Daniel W. Baker and Steven E. Hulme, 3:1
- Miyauchi, D., G. Kudo, and M. Patashnik, "Effect of processing variables on storage characteristics of frozen minced Alaska pollock," 5:11
"Modified tuna purse seine net achieves record low porpoise kill rate," by James M. Coe and Phillippe J. Vergne, 6:1
- Mollusks
cadmium, mercury, and silver, effects of, 4:6
composition of edible portion of raw (fresh or frozen)
calcium, 1:1
chlorine, 1:1
magnesium, 1:1
phosphorus, 1:1
potassium, 1:1
sodium, 1:1
- Monk, Bruce H.—see Long et al.
- Multispecies fisheries problem
report of a colloquium, June 1976, 9:8
- Murphy, Ted C.—see Sakagawa et al.

harvest, innovations in
flotsam and vessels, 9:18
moored objects, 9:16
night-lights, 9:18, 20
pots, fish, 9:17
pots, towed midwater, 9:19
structures, artificial, 9:20
trolling, 9:15
"Performance of trawls used in resource assessment," by Fred Wathne, 6:16
- Phillips, Ronald C.—see Thayer and Phillips
- Pollock, Alaska
effect of processing variables on storage characteristics of frozen minced
addition of ingredients, 5:13
alternate uses, 5:14
comparing preservation methods, 5:12
minced flesh particle size, 5:13
minced flesh yield, 5:12
washing the flesh, 5:12
- Pollution
cadmium, mercury, and silver
marine animals, effects on, 4:5
- Gulf of Mexico
estuaries, alteration and destruction of, 9:5
- Porpoise
kill rate
record low, using modified tuna purse seine net, 6:1
rescue methods and importance of Medina panel mesh size
appendage penetration tests, 5:5
field tests, 5:8
Medina panel history, 5:2
NMFS gear program, 5:4
"Porpoise rescue methods in the yellowfin purse seine fishery and the importance of Medina panel mesh size," by Eric G. Barham, Warren K. Taguchi, and Stephen B. Reilly, 5:1
- Pout, ocean
development of an underutilized fishery resource
candling and lesion occurrence, 6:9, 10
chemical analysis, 6:10, 11
growth, 6:7
marketing, 6:12
movement, 6:7
processing time, 6:9, 10
sex composition, 6:7
size, 6:7
tag mortality and retention, 6:8
taste panel evaluations, 6:9, 11
yield, 6:9, 10
- Prochaska, Fred J.—see Cato and Prochaska
- Puget Sound
eelgrass beds, importance of, 11:18
- Q**
- Quahog, ocean
replacement for certain processed clam products, 2:4, 5
expand markets for, 2:27

Papers in Marine Fisheries Review

Vol. 39, No. 1-12, 1977

JANUARY

1228. "Composition of the edible portion of raw (fresh or frozen) crustaceans, finfish, and mollusks. II. Macroelements: sodium, potassium, chlorine, calcium, phosphorus, and magnesium," Virginia D. Sidwell, David H. Buzzell, Pauline R. Foncannon, and Audrey L. Smith, 1:1-11.
1229. "Red snappers of the Carolina coast," Churchill B. Grimes, Charles S. Manooch III, Gene R. Huntsman, and Robert L. Dixon, 1:12-15.
1230. "Finding fish with satellites," Andrew J. Kemmerer and Johnny A. Butler, 1:16-21.

FEBRUARY

1231. "Fisheries development in New England—a perspective," W. F. Rathjen, 2:1-6.
1232. "Technology in fisheries development," Louis J. Ronsivalli, 2:7-10.
1233. "A machine for heading and eviscerating small fish," J. M. Mendelsohn, T. J. Connors, and J. G. Callan, 2:11-18.
1234. "Development of a color measuring system for minced fish blocks," F. J. King and J. J. Ryan, 2:18-23.
1235. "Some recent examples of fishing gear technology development or transfer in New England," Robert E. Taber, 2:24-25.
1236. "Export opportunities for New England fishery products," Henry R. McAvoy and Paul M. Earl, 2:26-29.

MARCH

1237. "Mixed species utilization," Daniel W. Baker and Steven E. Hulme, 3:1-3.
1238. "Chilled seawater system for bulkholding sea herring," Steven E. Hulme and Daniel W. Baker, 3:4-9.
1239. "The southeastern Alaska herring fishery," Howard O. Ness, 3:10-14.
1240. "The recent development of the southeastern Alaska herring fishery," Howard O. Ness, 3:15-18.
1241. "Observations on the birth of a southeastern Alaska fishery," Howard O. Ness, 3:19-22.
1242. "Seasonal changes in spatial distribution and activity of two species of Pacific rockfishes, *Sebastes flavidus* and *S. ciliatus*," in Lynn Canal, southeastern Alaska," H. Richard Carlson and Louis Barr, 3:23-24.

APRIL

1243. "Past, present, and future uses of minced fish," Frederick J. King, 4:1-4.
1244. "Effects of cadmium, mercury, and silver on marine animals," Anthony Calabrese, Frederick P. Thurberg, and Edith Gould, 4:5-11.
1245. "Fishery engineering advancements: A

5-year SEFC progress report," Thomas M. Vanselow, 4:12-24.

MAY

1246. "Porpoise rescue methods in the yellowfin purse seine fishery and the importance of Medina panel mesh size," Eric G. Barham, Warren K. Taguchi, and Stephen B. Reilly, 5:1-10.
1247. "Effect of processing variables on storage characteristics of frozen minced Alaska pollock," D. Miyauchi, G. Kudo, and M. Patashnik, 5:11-14.
1248. "Response of costs and returns to alternative feed prices and conversions in aquaculture systems," J. E. Easley, Jr., 5:15-17.
1249. "The Atlantic coast surf clam fishery—1974," John W. Ropes and George E. Ward, Jr., 5:18-23.
1250. "The right package for frozen fish," L. J. Ronsivalli, 5:24.

JUNE

1251. "Modified tuna purse seine net achieves record low porpoise kill rate," James M. Coe and Philippe J. Vergne, 6:1-4.
1252. "The ocean pout: An example of underutilized fisheries resource development," Daniel J. Sheehy, Soliman Y. K. Shenouda, Aaron J. Alton, Saul B. Salla, and Spiros M. Constantinides, 6:5-15.
1253. "Performance of trawls used in resource assessment," Fred Wathne, 6:16-23.

JULY

1254. "Humpback whales in Hawaii: Vessel census, 1976," Allen A. Wolman and Charles M. Jurasz, 7:1-5.
1255. "Use of salt (NaCl) water to reduce mortality of chinook salmon smolts, *Oncorhynchus tshawytscha*, during handling and hauling," Clifford W. Long, Jerry R. McComas, and Bruce H. Monk, 7:6-9.
1256. "Improved bypass and collection system for protection of juvenile salmon and steelhead trout at Lower Granite Dam," Gene M. Matthews, George A. Swan, and Jim Ross Smith, 7:10-14.
1257. "Care and maintenance of squid quality," R. J. Learson and V. G. Ampola, 7:15-16.
1258. "Oysters in the Pacific Northwest," W. P. Breese, 7:17.

AUGUST

1259. "Development of an aquacultural program for rehabilitation of damaged oyster reefs in Mississippi," Clyde L. MacKenzie, Jr., 8:1-13.
1260. "Ciguatera in the U.S. Virgin Islands," J. R. Sylvestre, A. E. Dammann, and Richard A. Dewey, 8:14-16.
1261. "The economic performance of Ore-

gon's commercial fishermen in 1972," David S. Liao and Joe B. Stevens, 8:17-22.

SEPTEMBER

1262. "Alteration and destruction of estuaries affecting fishery resources of the Gulf of Mexico," William N. Lindall, Jr. and Carl H. Saloman, 9:1-7.
1263. "Report of a colloquium on the multi-species fisheries problem, June 1976," Edmund S. Hobson and William H. Lenarz, 9:8-13.
1264. "Innovations in harvest of pelagic resources," Mitsuo Yesaki, 9:14-23.

OCTOBER

1265. "The Cuban grouper and snapper fishery in the Gulf of Mexico," Joseph E. Tashiro and Susan E. Coleman, 10:1-6.
1266. "Entrapment and impingement of fishes by power plant cooling-water intakes: An overview," Charles H. Hanson, James R. White, and Hiram W. Li, 10:7-17.
1267. "Development of a selective shrimp trawl for the southeastern United States penaeid shrimp fisheries," John W. Watson, Jr. and Charles McVea, Jr., 10:18-24.

NOVEMBER

1268. "What is a tuna?" W. L. Klawe, 11:1-5.
1269. "A statistical and budgetary economic analysis of Florida-based Gulf of Mexico red snapper-grouper vessels by size and location, 1974 and 1975," James C. Cato and Fred J. Prochaska, 11:6-14.
1270. "Loggerhead sea turtles, *Caretta caretta*, encountering shrimp trawls," Larry H. Ogren, John W. Watson, Jr., and Donald A. Wickham, 11:15-17.
1271. "Importance of eelgrass beds in Puget Sound," Gordon W. Thayer and Ronald C. Phillips, 11:18-22.

DECEMBER

1272. "A review of the yellowfin-skipjack tuna fishery of the Atlantic Ocean and American participation, 1956-75," Gary T. Sakagawa, Atilio L. Coan, and Ted C. Murphy, 12:1-10.
1273. "Synoptic comparison of three sampling techniques for estimating abundance and distribution of selected megafauna: Submersible vs camera sled vs otter trawl," Joseph R. Uzmann, Richard A. Cooper, Roger B. Theroux, and Roland L. Wigley, 12:11-19.
1274. "The sea-run cutthroat trout resource and sport fishery," Percy Washington, 12:20-22.
1275. "Shortfin squid, *Illex illecebrosus*, attacks on trawl-captured fish," Salvatore A. Testaverde, 12:23.
